

Dear CoJ Employee

April 27 is a significant date in the country's transition towards democracy and to celebrate this momentous occasion, Pikitup and Executive Mayor Cllr Herman Mashaba will be embarking on a clean-up campaign in Eldorado Park under the auspices of A Re Sebetseng.

Pikitup Acting Managing Director Segala Mahlalela is appealing to join Mayor Mashaba and a delegation from Kigali in Rwanda to convert an unhealthy and eyesore illegal dumping site into a stunningly beautiful park as well as a productive food garden.

The eradication and the ultimate conversation of the illegal dumping site is evidence of the hard work done by Pikitup's CSM unit in mobilising the support of key stakeholders to make donations towards a cleaner Johannesburg. The Freedom Day A Re Sebetseng clean-up campaign activities will include the converting of the illegal dumping site into a food garden and part of the area will be turned into green outdoor gym fully furnished with exercising equipment. Details of the event are as follows:

As part of strengthening relations between the community of Eldorado Park and Pikitup a soccer match between Pikitup and a local club has been arranged. It will kick off immediately after the A Re Sebetseng campaign. Come all to cheer the Pikitup team to victory.
